Global Term Life Insurance also includes Accidental Death and Dismemberment (AD&D) coverage at no additional cost. AD&D is paid in addition to any amount paid by Global Term Life Insurance and can double the amount of the benefit.

ELIGIBILITY AND COVERAGE

GLOBAL DAILY INDEMNITY SM

Insuring your life and health reduces the burden of unforeseen financial liabilities due to an illness or accident. Unfortunately, obligations and bills continue even during a hospital stay. The Global Daily Indemnity plan is an excellent way to offset these expenses. Global Daily Indemnity will pay directly to you US\$100 for each required overnight stay in a hospital. The hospital stay must be eligible for coverage under your Global Basic Insurance plan, and hospital stays related to pregnancy are not eligible.

GLOBAL DAILY INDEMNITY	PRINCIPAL SUM
Available only between ages 19-69 with Global Basic Insurance	US\$100 per day

EMERGENCY MEDICAL EVACUATION

During a medical emergency, access to qualified treatment is an immediate concern. For these situations, Global Basic Insurance includes Emergency Medical Evacuation coverage up to US\$50,000 per coverage period. This coverage is available when there is not a qualified facility in the immediate area to treat your life threatening illness or injury. Global Basic Insurance also covers expenses for repatriation of bodily remains or ashes to the insured's country of citizenship up to a maximum of US\$25,000 for death resulting from a covered injury or illness.

HOW THE EVACUATION PROCESS WORKS

Emergency Medical Evacuation benefits under the plan provide access to care when you or your family need it most. During the emergency, IMG will coordinate evacuation to a qualified facility equipped to handle your illness or injury. A team of independent pilots and medical professionals transport you and a family member, while arrangements for your arrival are being made with the receiving hospital. Once at the receiving hospital, IMG will continue to monitor your treatment and communicate with physicians and family members.

To be eligible, the evacuation must be recommended by the attending physician in life-threatening situations, and approved in advance and coordinated by IMG. IMG is available 24 hours a day, 7 days a week to arrange emergency medical evacuations.

IMG has around-the-clock medical staff available to approve, certify and coordinate medical evacuations.

PRE-EXISTING CONDITIONS

After coverage has been in effect for 24 continuous months, Global Basic Insurance provides a US\$50,000 lifetime benefit for eligible pre-existing conditions that existed at or prior to the effective date, subject to a maximum of US\$5,000 per period of coverage. This benefit is payable whether or not you have received consultation or treatment for the condition(s) during the 24-month period. This is important since few pre-existing conditions remain free from ongoing consultation or treatment, and often do not qualify for coverage in standard plans. Global Basic Insurance does not "rider" or charge additional premium for pre-existing conditions. If you properly disclose a pre-existing condition at the time of application, and are accepted into the plan, you will be covered for eligible medical expenses after 24 months of continuous coverage, subject to the foregoing limits and the other terms of the plan.*

The following illnesses which exist, manifest themselves or are treated or have treatment recommended prior to or during the first 180 days of coverage from the initial effective date are considered pre-existing conditions under the plan, and are subject to the waiting period and other limitations of coverage described above: tonsillectomy, disc disease, adenoidectomy, hemorrhoids or hemorrhoidectomy, disorders of the reproductive system, hysterectomy, hernia, gall stones or kidney stones, any condition of the breast, and any condition of the prostate.

ELIGIBILITY

Global Basic Insurance is available to individuals and families of all nationalities. U.S. citizens must reside abroad or plan to leave the U.S. on their effective date and plan to reside abroad for at least six of the next 12 months. Non-U.S. citizens may reside anywhere, including their country of citizenship, although certain eligibility restrictions may apply to non-U.S. citizens residing in the United States. Persons between the ages of 14 days and 74 years old may apply for coverage. Persons older than 74 years of age are not eligible. Certain other restrictions may also apply. Please ask your insurance agent or broker for further details.

Families applying for Global Basic Insurance will receive free coverage for the first two eligible dependent children between the ages of 14 days to 9 years when both parents are insured under the Global Basic Insurance plan. Children under the age of 19 applying individually should use the male 19-24 age bracket when applying for coverage. Each person requesting coverage must complete the information required in the application.

RENEWAL OF COVERAGE

Subject to the terms of the plan, Global Basic Insurance is annually renewable and coverage is continuous when renewed. Prior to the end of each period of coverage (12 months) you will receive a renewal form. You must continue to meet the eligibility requirements outlined above in order to renew. There are no additional medical questions at renewal, and rates do not change based on your individual claims activity. Your renewal premium will be the same rate as all persons renewing in your same class. Please select your deductible carefully, as you will be unable to select a lower deductible when you renew your coverage.

LIFETIME COVERAGE

Lifetime medical coverage is available if you are enrolled in the Global Basic Insurance plan by your 65th birthday and maintain continuous coverage to age 75. Prior to your 75th birthday you will receive a renewal form for continuing coverage on the Global Basic Senior PlanSM. There is no additional medical underwriting. You simply need to complete and return the renewal form with your premium.

PPO/PRE CERTIFICATION

ACCESSING THE PPO

You may seek treatment under Global Basic Insurance worldwide, including in the United States, with the hospital or doctor of your choice. When seeking treatment in the U.S., you may use the independent Preferred Provider Organization (PPO) contracted by IMG, a separately-organized network of approximately 475,000 physicians and 4,000 privately owned and operated hospitals.* This PPO network includes approximately 67% of all the hospitals in the U.S., including some of the most well-recognized university medical centers and transplant facilities.

Using this provider network could significantly reduce your out-of-pocket expenses. **Your deductible will be reduced by 50%, and any coinsurance applicable to that charge is waived, when eligible treatment is received from a network provider.** When a U.S. hospital outside the network is used, a co-payment of US\$250 is required in addition to the regular deductible and coinsurance. This co-payment is waived, however, if there is not a network provider within 50 miles of the location of treatment.

You may access the PPO directory by requesting that a copy be sent to you or you may visit the IMGGLOBAL® web site, www.imglobal.com. Network providers are listed by location and specialty.

**All PPO providers are contracted separately through First Health Group Corp.*

PRECERTIFICATION/ VERIFICATION OF BENEFITS

Prior to receiving treatment you may need to contact IMG to precertify your treatment and/or for verification of benefits. **Precertification** means calling IMG's Utilization Review department to receive determination of medical necessity for the proposed treatment or services. It is important to note that precertification is only a determination of medical necessity, not an assurance of coverage, verification of benefits or a guarantee of payment. Precertification may be done by you, the doctor, a hospital administrator or a relative. The following treatments and services must be pre-certified or certain reductions in benefits may result :

- Any surgery or treatment requiring hospitalization
- Outpatient surgery
- CAT scans, MRIs
- Within 48 hours after an emergency admission to the hospital
- Care in an extended care facility
- Home nursing care
- Durable medical equipment including artificial limbs
- Transplants

Verification of benefits is the process of verifying your general coverage and the available benefits under the plan. You may do this by contacting IMG's Customer Care department whether or not your treatment or services require precertification. Verification of benefits is not a guarantee of payment and all medical expenses must meet eligible payment guidelines in accordance with the terms and conditions of the plan. While precertification and verification of benefits are separate determinations, both are made in reliance on the completeness and accuracy of the information provided by you and your healthcare providers to IMG.

CLAIMS INFORMATION

CLAIMS PROCEDURE

When you receive treatment, original itemized bills must be received by IMG within 90 days of services. As a courtesy, claims may be paid in selected alternate currencies by electronic bank wire. Please see the Claim Form for more information and conditions of this service.

CLAIM FILING ALTERNATIVES

DIRECT PAYMENT TO PROVIDERS - In many cases IMG works with the hospital or clinic as an accommodation, including those outside the independent PPO, for direct payment of eligible medical expenses on your behalf. To be eligible to have a claim paid in this fashion, you or the provider must complete a Claim Form and submit it with original itemized bills. In this case, you will be responsible for direct payment of your deductible, coinsurance amounts and non-eligible expenses and charges.

REIMBURSEMENT - If you have received treatment and need to be reimbursed for out-of-pocket medical expenses, complete the Claim Form and submit your original itemized bills and paid receipts within 90 days. We will reimburse your eligible medical expenses after applying the deductible and coinsurance, subject to the terms of the plan.

Please remember to submit your bills and receipts as soon as you receive them. Do not hold them until the end of the year. IMG will apply eligible medical expenses to your deductible and coinsurance throughout the year.

HOW TO APPLY

To apply for IMG's Global Basic InsuranceSM plan, simply complete and return the family application for yourself, your spouse and dependents. If you are 19 years of age or older, you must complete your own application. You must complete all questions outlined in the application in order to be considered for coverage. An attending physician statement may be required depending upon your answers to the medical conditions, and IMG reserves the right to request additional medical information.

When we receive your completed application with premium, we will process it as quickly as possible. Once accepted, you or your agent/broker will be mailed a fulfillment kit which includes an IMG identification card, a certificate of insurance (containing a complete description of benefits, exclusions and terms of the plan), claim filing information, and claim forms. You are required to notify IMG, as required by the terms of the plan, if you or any family member suffers or is treated for any illness, injury or other medical condition between the time of your application and the issuance of the certificate. If your application is not accepted, you will receive a full refund of premium. For additional information, please contact your independent insurance agent or broker.

Once you are accepted in the plan, we are confident that you will be pleased with the full terms of coverage. To ensure your satisfaction, we provide you with a 15 day period to review the fulfillment kit contents. If, during that 15 day period you find that you are not happy with the plan for any reason, you may submit a written request for cancellation and full refund of your premium. See Certificate of Insurance for full details.
